

TOOLKIT

MANAGEMENT PRACTICES FOR SAFER ROADS

ABOUT

The Toolkit is an interactive e-learning tool that presents a management methodology that can help improve road safety by:

- Collecting data on the number and location of deaths by road user type
- Identifying hazardous and critical road locations and sections where excessive numbers or severity of crashes occur
- Outlining corrective measures
- Implementing interventions and monitoring results

APPROACH

CONTENTS

- Module 1: Road Safety Global Framework
- Module 2: Management Methodology
- Module 3: Application to Road Safety
 - Brazil
 - Dominican Republic
 - Mexico
 - India
 - South Africa
 - China
- Module 4: Multistakeholder approach
